Use My Favorites to put the ICLE resources you use most often just a few clicks away no matter where you are on our website.

Once you find an ICLE Online Book, book chapter, On-Demand Seminar, Form, or other resource you want to be able to get back to quickly, click Add to Favorites from that resource page. In the future you can find your link in My Toolbar. Note: This functionality is being added to various parts of our website throughout Fall 2013, so you might not currently see it for all resources.

To delete favorites you no longer need:

1. Under My Toolbar, click open My Favorites.
2. Click Manage Favorites.
3. Under the Remove column, click the box next to any resource you no longer wish to list in My Favorites and click Delete.
